MAY 10. Without a shadow of a doubt, the most remarkable day in the history of Russia was the inauguration of the first parliament of the empire. The czar, Nicholas II, in a speech from the throne, inaugurated the first session of the State Duma, the lower house of the Russian parliament. The czar, in his speech, declared that the Duma was a necessary step towards the modernization of Russia and that he would support its work. The Duma, in turn, declared that it would support the czar and his policies. The inauguration ceremony was held in the Tauride Palace in St. Petersburg. The czar, in a white uniform, presided over the ceremony. The Duma members, in their official robes, stood before him. The ceremony was attended by thousands of people. MINERS ARE
NOT PLEASEDSmall Allowance From The
Strike Fund Makes
Them Mad.

Special to The Herald
Springfield, Ill., May 10.—Dissension has developed among the miners of Illinois on the matter of the distribution of the strike benefit fund. Members of the local unions were called to their respective meetings yesterday to receive their first allowance. A rude shock was given them when the experienced miners were handed \$1 each and other employees associated with the union were paid proportionately less.

Indignation is intense among many of the men who have been paying monthly installments into the state defense fund since 1897. The fund now approximates \$1,000,000 and the miners consider it outrageous that they should be paid only \$1 a week. Some of them have declared that they will not return to the mine on weekly pay until the fund is paid in full.

The condition is not a local one but is said to be general throughout the state. A stormy meeting of the Duquoin miners recently was held and it was decided that the miners would not return to work until the fund was paid in full. The miners are now on strike and the coal operators are not working.

APPEAL TO PRESIDENT

Coal Operators Will Lay
Their Differences Before
Roosevelt.

Chicago, May 10.—Illinois, Indiana and Ohio coal operators in joint session this afternoon passed resolutions authorizing the appointment of a committee to lay before President Roosevelt the differences between bituminous operators and the mine. No action will be taken by this committee, however, unless the conference between operators and miners to be held next week fails. Then the operators will appeal to the president.

State Senator Refuses to Accept an
Other Nomination.

Monmouth, N. J., May 10.—William McKinley of this city who for the past two terms has represented the thirty-second senatorial district's majority candidate, has positively refused to stand for re-nomination. This is a bitter disappointment to the democrats.

Mr. McKinley had previously announced his willingness to accept

the nomination.

CHARLES E. HUGHES

TWO LAWYERS WHO WILL PROSECUTE COAL CARRYING RAILROADS

CHARLES E. HUGHES of New York, who probed the life insurance companies for the Armstrong committee, will be assisted by Alexander Simpson, Jr. of Philadelphia, in investigating the coal carrying railroads which are said to be violating the Sherman antitrust law, and the interstate commerce law. The two men will work under the supervision of Attorney General Moody and will begin such suits or prosecutions, if any, as may be warranted by the evidence in hand and forthcoming.

CARDINALS TO EXPLAIN

For Their Presence at a Din-
ner Given By Ambas-
sador White.

Rome, May 10.—As a sequel to the presence of four cardinals at dinner given by Ambassador White in honor of Archbishop Ireland April 21, Cardinal Orsini, dean of the Sacred Rota, has written a letter to each of the four cardinals asking them for an explanation of their presence at a function given by a diplomat. The letter characterizes the presence of the cardinals at such functions as a violation of the rules of the Holy See. The cardinals have replied to the letter but at least one has not done so. One of the four cardinals present at Ireland's dinner, and who since the issuance of the letter above alluded to has been received by the pope, states that the pope said they were right in accepting the invitation to the dinner.

CHANGES IN BILL

BY THE CONFERENCE

Primary Law Is Being Given An-
other Whirl By the
Committee.

Springfield, Ill., May 10.—Indications are that the primary election bill agreed upon by the joint conference committee of the senate and house members which was created yesterday will be materially different from the bill which passed the house of representatives.

Following the appointment of the joint conference committee by the senate and house yesterday morning the conferees went into session early in the afternoon and remained at work until nearly midnight. Only a short adjournment was taken for dinner.

Three propositions making radical changes in the Shurtliff bill, have been advanced in conference. Together with several minor suggestions. Upon these three principal points the attorney general's advice is sought in order to minimize the possibility of passing a bill that will fail to stand the test of the courts.

Are Important Changes.
Most important of the changes suggested is one made by Representative Lindly of Bond county. The Lindly proposition contemplates two calls for conventions—one to select delegates to the county convention and the other to select delegates to the state convention. The second call would be made only if the first call failed to produce a quorum.

Among outside bills introduced in the house today were a bill for the relief of the state of Illinois, which would give the state of Illinois the right to sue for the recovery of the state of Illinois, and a bill for the relief of the state of Illinois, which would give the state of Illinois the right to sue for the recovery of the state of Illinois.
